## FarNorth™ Double Hung Features & Benefits

1. **.050" extruded aluminum clad exterior on 13/8" wood sash**—stronger more durable.
2. **Flexible jamb liners**—allows tilt in sash for easy cleaning.
3. **Clad brickmould optional**—gives you the traditional look of a wood double hung. Natural wood interior is easily matched to finished trim
4. **Comes in a 3224 egress window size**—one of the smallest rough openings—permits increased living areas where limited wall space is available.

Interior pine shown on sand clad double hung. Easy tilt in operation for cleaning.

**5. Storm units optional**—available in matching colors and recommended in certain applications.

**6. Limited glass seal warranty is now 20-years.**
