

# **ATTENTION!**

The sweeping and striping of our parking lots will take place on Tuesday, Oct. 11th and Wednesday, Oct. 12th. This phase of the project does require that the lots be closed. Please have your vehicle out of the lot by 8:00 AM.

**Lots #2, #3, #4 closed on: Tues, Oct. 11th @ 8:00AM!**

**Lots #1, #6, #7, #8, #9 closed on: Wed, Oct. 12th @ 8:00AM!**

If you park in a garage, your vehicle must be out of the garage and out of the lot by 8:00 AM if you will be using it on the day your lot will be closed.

The contractor will determine when the lots can be reopened to vehicle traffic.

**You are required to move your vehicle or it will be towed!**

There is a \$60 charge if the Association must have your vehicle towed. You also risk your vehicle being towed to an impound lot if you have any unpaid towing charges from previous lot maintenance or snow removal.

**Please refer to the map on the back side of this notice to identify your lot.** Lot #5 off of Smetana Road will not be closed either day and has plenty of guest or unassigned parking spots available. Do Not park in someone's assigned parking spot.

Thank you for your cooperation.
